----------------------------	----------	----------------------------	----

## Years and costs

<b>Year (construction start)</b>	1962	<b>Year (construction end)</b>	1964
----------------------------------	------	--------------------------------	------

## Facts

- Philipshaus consists of two parts: a two-story structure straddled at one end by a slab-like tower. The tower is carried by two large piers, with floorloads counterbalanced by cantilevers at either end.
- Philips was the first major company to move its offices out of Vienna's center. Their new building, situated atop a ridge, was for many years a dominant landmark greeting travellers approaching the city from the south.

## Involved companies

Architect.....

**Karl Schwanzer**

Wien

Österreich

# Get Emporis Research today and benefit from our worldwide database now!

## Analyze buildings, construction markets, regions and competitors

- 450,000 buildings from a wide range of categories such as residential, office, retail, hospitality and many more
- Choose from a broad range of regional data packages – or create your own
- Powerful and fast search for in-depth analysis
- Detailed search queries in over 50 data fields, e.g. filter by location, size, status, building usage and construction types
- Generate customized lists of construction projects and involved companies

## Generate leads and explore new business opportunities

- Get contact information for over 160,000 companies
- Search for companies related to specific construction projects or generate lists according to particular fields of activity
- Find new clients and business partners or connect with key players in new markets
- Forecast trends and future market growth
- Spend less time researching, and more time doing business

## Keep up to date and ahead of your competitors

- Get constantly-reviewed data from around the globe
- 24/7 access to the database from anywhere in the world
- View detailed information about existing buildings as well as those planned and under construction
- Save your searches for easy future reference
- Receive email notifications about new content fitting your criteria

## Download data and put it to work

- Export information easily to CSV/Excel files
- Individually select data fields for your specific needs
- Integrate the data into your own internal system
- Provide your staff with actionable data
- Benefit from limitless downloads within your chosen package
