### Years and costs

<b>Year (construction end)</b>	1997	<b>Building costs</b>	\$ 132.000.000
--------------------------------	------	-----------------------	----------------

### Facts

- There is a public observation area on the 9th floor.
- Nicknamed the "Schick Razor Building".
- The building features 15 courtrooms.
- The 16-story tower contains the courtrooms and chambers while an 8-story sidecar accommodates ancillary offices and library facilities.
- The tower is organized in a 2 courtrooms-per-floor in order to eliminate the long and dark corridors often associated with large courthouses.
- In 1997-1998, the building exceeded the Oregon's Energy Code by 29%.
- The building was designed to meet the U.S. Court's space needs until the year 2020.
- The offices on the fifth, sixth and seventh floor were designed with high ceilings in case more courthouse were needed.
- The nickname "Schick Razor Building" comes from the design of the overhanging roof.
- The building was named after Senator Mark O. Hatfield of Oregon.

# Get Emporis Research today and benefit from our worldwide database now!

## Analyze buildings, construction markets, regions and competitors

- 450,000 buildings from a wide range of categories such as residential, office, retail, hospitality and many more
- Choose from a broad range of regional data packages – or create your own
- Powerful and fast search for in-depth analysis
- Detailed search queries in over 50 data fields, e.g. filter by location, size, status, building usage and construction types
- Generate customized lists of construction projects and involved companies

## Generate leads and explore new business opportunities

- Get contact information for over 160,000 companies
- Search for companies related to specific construction projects or generate lists according to particular fields of activity
- Find new clients and business partners or connect with key players in new markets
- Forecast trends and future market growth
- Spend less time researching, and more time doing business

## Keep up to date and ahead of your competitors

- Get constantly-reviewed data from around the globe
- 24/7 access to the database from anywhere in the world
- View detailed information about existing buildings as well as those planned and under construction
- Save your searches for easy future reference
- Receive email notifications about new content fitting your criteria

## Download data and put it to work

- Export information easily to CSV/Excel files
- Individually select data fields for your specific needs
- Integrate the data into your own internal system
- Provide your staff with actionable data
- Benefit from limitless downloads within your chosen package
