Facts

- This was the first tower constructed among the 31 towers. Construction began on this Moonlight Tower in late 1894.

- The tower is located in Central Austin's Hyde Park, one of the city's oldest neighborhoods which dates back to the 1880s.
- Hyde Park's developer persuaded the city to place the first Moonlight Tower in the neighborhood in what was then outside of the city limits, technically Austin's first suburb.
