## Years and costs

<b>Year (construction start)</b>	2002	<b>Year (construction end)</b>	2005
----------------------------------	------	--------------------------------	------

## Facts

- The perforated copper facade will change appearance over time as it becomes oxidized.
- The façade of the building is perforated allowing light to penetrate in the manner of sunlight filtering through a canopy of trees.
- The building is fabricated from 1,500 tons of concrete, 5,122 tons of structural steel and 2,500 tons of rebar whilst the façade is comprised of 300,000 lbs of glass and 950,000 lbs of copper.
- The façade exhibits 7,200 copper panels - each one is unique - which are textured with 1,500,000 embossings and represent the largest quantity of copper cladding used anywhere on a single building.
- The M.H. de Young Memorial Museum was designed to house American art from the 17th century through to the present as well as art from the native Americas, Asia and Africa.
- Panoramic views of San Francisco bay are afforded by a public observation floor.

# Get Emporis Research today and benefit from our worldwide database now!

## Analyze buildings, construction markets, regions and competitors

- 450,000 buildings from a wide range of categories such as residential, office, retail, hospitality and many more
- Choose from a broad range of regional data packages – or create your own
- Powerful and fast search for in-depth analysis
- Detailed search queries in over 50 data fields, e.g. filter by location, size, status, building usage and construction types
- Generate customized lists of construction projects and involved companies

## Generate leads and explore new business opportunities

- Get contact information for over 160,000 companies
- Search for companies related to specific construction projects or generate lists according to particular fields of activity
- Find new clients and business partners or connect with key players in new markets
- Forecast trends and future market growth
- Spend less time researching, and more time doing business

## Keep up to date and ahead of your competitors

- Get constantly-reviewed data from around the globe
- 24/7 access to the database from anywhere in the world
- View detailed information about existing buildings as well as those planned and under construction
- Save your searches for easy future reference
- Receive email notifications about new content fitting your criteria

## Download data and put it to work

- Export information easily to CSV/Excel files
- Individually select data fields for your specific needs
- Integrate the data into your own internal system
- Provide your staff with actionable data
- Benefit from limitless downloads within your chosen package
