<b>Height (obs. deck)</b>	1.400,92 ft	<b>Usable Floor Area (UFA)</b>	<a href="#">Contact us</a>
<b>Floors (underground)</b>	4		

### Years and costs

<b>Year (construction start)</b>	2007	<b>Year (construction end)</b>	2011
----------------------------------	------	--------------------------------	------

### Facts

- The curtain wall facade curls up at the foot of the building to form a "lip" canopy over the entrance to the offices.
- The top four floors form a sky garden and contain the hotel lobby and various gastronomy options.
- Levels 4-72 are grade A office space, while levels 75-100 house the St. Regis Shenzhen hotel, with 290 rooms and suites.
- The lower levels of the building house a shopping center, the KK Mall.
- The curved shape of the building is intended to evoke a spring or a fountain; this in turn is meant to connote Shenzhen's wealth and prosperity.
- The tallest building in Shenzhen upon completion.

# Get Emporis Research today and benefit from our worldwide database now!

## Analyze buildings, construction markets, regions and competitors

- 450,000 buildings from a wide range of categories such as residential, office, retail, hospitality and many more
- Choose from a broad range of regional data packages – or create your own
- Powerful and fast search for in-depth analysis
- Detailed search queries in over 50 data fields, e.g. filter by location, size, status, building usage and construction types
- Generate customized lists of construction projects and involved companies

## Generate leads and explore new business opportunities

- Get contact information for over 160,000 companies
- Search for companies related to specific construction projects or generate lists according to particular fields of activity
- Find new clients and business partners or connect with key players in new markets
- Forecast trends and future market growth
- Spend less time researching, and more time doing business

## Keep up to date and ahead of your competitors

- Get constantly-reviewed data from around the globe
- 24/7 access to the database from anywhere in the world
- View detailed information about existing buildings as well as those planned and under construction
- Save your searches for easy future reference
- Receive email notifications about new content fitting your criteria

## Download data and put it to work

- Export information easily to CSV/Excel files
- Individually select data fields for your specific needs
- Integrate the data into your own internal system
- Provide your staff with actionable data
- Benefit from limitless downloads within your chosen package
